REISSUE APPLICATION DECLARATION AND POWER OF ATTORNEY

Assistant Commissioner for Patents Washington, D.C. 20231

Dear Sir:

I, Masahiro Shimizu, hereby declare as follows:

I. GENERAL

- 1. I am a citizen of Japan and my residence is as stated below my signature to this declaration.
- 2. My post office address is c/o YAMAHA CORPORATION, 10-1, Nakazawa-cho, Hamamatsu-shi, Shizuoka-ken, Japan.
- 3. I am the named inventor of U.S. Patent No. 5,696,342 (hereinafter referred to as the "issued patent"), entitled TONE WAVEFORM GENERATING METHOD AND APPARATUS BASED ON SOFTWARE, which issued on December 9, 1997, from U.S. application Serial No. 08/675,447, filed on July 3, 1996.
- 4. I am an employee of YAMAHA CORPORATION, the assignee of the issued patent.
 - 5. I hereby apply for reissue of the issued patent.

- 6. I verily believe that I am the original, first and sole inventor of the subject matter that is described and claimed in the issued patent and in the specification thereof, and for which invention I solicit a reissue patent; that I have reviewed and understand the content of the reissue application including the specification and claims thereof; and that no application for patent or inventor's certificate on this invention has been filed in any country foreign to the United States of America prior to the application for the issued patent by us or our legal representatives or assigns, except for Japanese patent application, Serial No.7-169531, filed on July 5, 1995, from which priority is claimed under Title 35, United States Code § 119.
- 7. I acknowledge our duty to disclose all information known to me which is material to the patentability of the reissue application in accordance with Title 37, Code of Federal Regulations §1.56.
- 8. I verily believe that I had the right to claim not only the Claims 1 through 18 which are present in the issued patent, but also the Claims 19 through 78 which are included in this reissue application.
- 9. I verily believe the issued patent to be wholly or partly inoperative or invalid by reason of the assignee claiming less than the assignee had a right to claim in the issued patent.
- 10. I verily believe that all errors being corrected in the present reissue application up to the time of filing of this declaration arose without any deceptive intention on the part of the applicant.
- 11. At least one error upon which reissue is based is the assignee's failure to appreciate the full scope of the invention. For example, Claims 11-14 recite certain limitations in a "means for" format. By claiming certain aspects of the present invention in this format, it is believed that the patentee claimed less than the patentee had a right to claim. In the applicant's opinion, the full scope of the present invention is properly defined by the combination of Claims 1-18 with new Claims 19-78.
